Cupboard + drawer storage with locks + wire pulls. 4" locking swivel casters. 500lb mobile capacity.

30"D x 54"W x 36"H

An art room serves as both a workroom and a laboratory for a broad spectrum of creative applications, including painting, drawing and sculpture. Because of its messy nature, an art room should be outfitted with the appropriate furniture to fit its function. Multiple and changing curriculums require cleanable, durable surfaces for the variety of mediums and tools used throughout the day, such as wet clay, paint, markers, glitter and glue. Storage must be accessible to students whose "in-progress" projects need to dry overnight and sufficient for the safe-keeping of unused supplies and equipment for a clutter free environment.

At Longo, we provide unique planning solutions and quality products, tailored to the specific needs of each client and their facility. Contact us for a free evaluation of your existing space or to request more information for a new project.

PORTFOLIO CABINET

Store portfolios, paper + canvases.
Holds 39 portfolios up to 24"D x 30"L.
Removable dividers made of zinc.
